- 1. Great PASTORS. Sermons always have purpose and keep your attention, not boring. Not fond of two Services. (Maybe one service at 9:00) Seems like early service members do not know late service members.

School is great for community and youth.

- 2. More connection with members and lives. New member "MEET & GREET" once a quarter.

Sit at a different pew each week.

Stronger in evangelism. Visual in community. Home visits, card mailings.

Leaders of current Ministries explain your ministry and what they do, add paragraph or so in program for us to be familiar with your ministry.

Ministry for mental health and addiction counseling.

- 3. Friendship Sunday, all members bring a friend. Directory of member occupations and or trade. While parking cars for events give each car a FREE PASS to CTK.

- 4. **Best-** Beautiful Sanctuary, Narthex, School, and Gym.

Needs- School classrooms, dedicated space for choir/music, Sunday school, meetings.

Add storage rooms.

Parking and school pick-up gets crowded at busy times, maybe add a better traffic flow plan.

Purchase property across the street to expand the church and school.

- 5. State problems, meet goals, prioritize, and propose plan.
- 6. Same answers as number 1 above.
